MS P

Highlighted is maximum level of gross income and assets to become a dual eligible member as of April 2024.

Medicaid earned income calculation: \$65 is subtracted from the total of all earned income, and ½ of the remainder is subtracted before comparing the income to the income limit.

* \$20 general unearned income exclusion included in these programs.

‡ \$1,500 burial expenses included.

** Eligibility determination is based on income, assets and health assessment results.
